\*\*The person responsible for a horse must be an adult who has, or shares, responsibility for the care, training, custody, and performance of the horse and who has official responsibility for that horse under EC rules and is liable under the penalty provisions of the Rules for any violation of the EC Rules. For the purposes of these Rules, the Person Responsible is normally the trainer, owner or competitor who rides or drives the horse during an event, or a parent or legal guardian in the case of junior competitors. The Person Responsible is ultimately responsible for the condition, fitness and management of the horse and is alone responsible for any act performed in the stables by himself or herself or by any other person with authorized access to the horse, or while the horse is being ridden, driven or exercised. The Person Responsible must hold a valid EC Sport License in good standing at the same level or higher in which the horse is competing. However, when the competitor is a Junior, the competitor cannot be the Person Responsible and the Person Responsible may be a parent/guardian who must be at minimum an EC or USEF member in good standing. The Entry Form must list the Person Responsible's name, their EC or USEF member number and must be signed.\*\*

The management of Jokers Hill would like to thank you for your patience and compliance with the rules Equestrian Canada has set forth. Please remember that proof of current required memberships and horse recordings will be mandatory at all trillium shows - please either bring your cards or a photocopy of them to all shows. May we suggest you photocopy your cards and place the copy inside the cover of your horse recording.

**RULES OF CONDUCT:** Due to recent complaints and comments, we would like to take this opportunity to remind all trainers/coaches/parents/friends about the proper code of conduct with respect to ringside behaviour. It is inappropriate to shout instructions to or critique a rider as they are focusing on their required course or test. Providing some guidance in a normal speaking voice when the rider is very near the ingate would be acceptable however shouting instructions in a loud manner the whole time the rider is in the ring is very distracting to everyone in the vicinity (INCLUDING the judge) and the rider is unlikely to be able to hear the instruction anyway. This is also against Equestrian Canada's rules of conduct. Please be considerate to all of the show attendees and limit the ringside coaching to appropriate levels.

## Social Media Policy

Social media has become extremely popular because it allows people to connect in the online world instantly to form relationships for personal and business purposes. It can take many different forms, including internet forums, weblogs, social blogs, podcasts, pictures and video.

Social media is becoming very much a part of the way we communicate with various audiences. Regular use of these channels of communication enables the THJA to maximize opportunities with dynamic information sources and allow the organization to market itself to a wider and more diverse audience. However, staff and members' use of social media can pose risks to the THJA's confidential and proprietary information, and reputation, and can jeopardize the THJA's compliance with legal obligations.

This social media policy is designed to encourage the appropriate and effective use of social media platforms, as well as provide guidelines for staff/members to exercise personal responsibility when using social media.

This policy does not form part of any employee's contract of employment and it may be amended at any time.

### *Scope of Policy*

This policy covers all individuals working and volunteering in the THJA at all levels. It also covers all members of the THJA and third parties who have access to the THJA's electronic communication systems.

Breach of this policy by THJA staff or volunteers may result in disciplinary action up to and including dismissal. Disciplinary action may be taken regardless of whether the breach is committed during working hours, and regardless of whether THJA equipment or facilities are used.

Breach of this policy by a THJA member may, result in the Board suspending or terminating that member's membership of the THJA. The Board may also prevent such member from participating in THJA events and competitions.

Any person suspected of committing a breach of this policy will be required to co-operate with THJA's investigations, which may involve handing over relevant passwords and login details.

Staff, volunteers and members may be required to remove internet postings which are deemed to constitute a breach of this policy.

### *THJA's Social Media Platforms*

There are vast array of platforms that the term 'social media' relates to. However, the THJA has recognized the key channels most beneficial to the organization. These are:

- Twitter - a free social networking and micro-blogging service that enables its users to send and read other users' updates known as tweets.
- Facebook – allows users to create a personal profile, add other users as friends and exchange messages, including automatic notifications when they update their profile. Users may also join common interest user groups, organised by workplace, school or other characteristics.

This policy, however, applies to all forms of social media and all internet postings, including blogs.

### *Appropriate Professional Use of Social Media*

The THJA engages with social media on a professional level. If any THJA staff/members use social media channels they are asked to follow this policy and any other guidelines which are in place to ensure effective and appropriate usage. When using social media:

#### **You will:**

- Engage with social media platforms on a regular basis where appropriate
- Use appropriate language
- Think before you post any information online
- Ensure that your profile and any content you post are consistent with the professional image you present in respect of your association with the THJA
- Make it clear in postings that you are speaking on your own behalf. Write in the first person and use a personal email address when communicating via social media

If you disclose your affiliation with the THJA, you must state that your views do not represent those of the THJA. For example, you could state, “the views in this posting do not represent the views of the THJA.”

#### **You will not:**

- Upload content deemed disruptive, threatening, abusive, harassing, obscene, libellous or an invasion of another's privacy – this includes text, audio, photographs and video
- Use the THJA's name in a derogatory manner or defame or disparage the THJA
- Upload content deemed confidential by the THJA
- Infringe the intellectual property of any company/individual – this can create liability for you and the THJA
- Use THJA logos, brands, slogans or other trademarks without the THJA's prior written consent
- Use inappropriate/irrelevant hashtags on Twitter
- Post personal messages through the THJA's pages on any social media platform
- Breach Data Protection requirements (for example, never disclose personal information about another member online)
- Breach any other laws or ethical standards (for example, never use social media in a false or misleading way, such as by claiming to be someone other than yourself or by making misleading statements)

Staff, volunteers and members should never provide references for other individuals on social or professional networking sites, as such references can be attributed to the THJA and create legal liability for both the author of the reference and the THJA

Social media is very much part of the THJA's strategy moving forward and we encourage the professional use of the various channels on a regular basis.

The THJA does not discourage staff, volunteers or members from engaging with social media platforms for personal usage. However, guidelines are in place to ensure that you are using them appropriately and are not jeopardizing the organization with inappropriate use of personal profiles.

### *Negativity on Social Media Platforms*

It is important that social media platforms are monitored for negative comments about the THJA. If you are aware of negative comments posted on any of our pages, please make sure you speak to the THJA office directly to discuss it.

This policy is effective immediately and was last updated May 2013.

## 92 CE Trillium Modified Adult Medal (2'9")

## 94 CE Trillium Junior/Amateur Jumper Medal

Originally created on the image of the CET Medal, the Trillium Jumper Medal has evolved into a specialty class unique to the Trillium Circuit. These specifications supersede those of the Equestrian Canada CET Medal. This class is open to Junior and Amateur riders only. It is judged with both a jumping and a flat phase.

*Jumping Phase: The jumping phase should be over a course of at least nine (9) fences. Fences will not exceed 3'3" in height with a spread not to exceed the height. The course must contain at least one double or triple combination with at least one spread fence. Other spread fences are required elsewhere on the course. A Liverpool is optional.*

*Flat Phase: All riders, or a maximum of twelve who complete the Jumping Phase, shall be called back to perform on the flat. During the flat phase, riders will show a working walk, the working trot sitting, the working trot rising, and showing a lengthening of stride, the working canter and the working canter showing a lengthening of stride. The working canter on the counter lead must be demonstrated for at least one full revolution of the ring in each direction. The top four riders in the flat phase will be asked to complete a short test determined by the judge. When this test is being ridden, the riders will turn their backs so they cannot watch the other competitors.*

*Judging: Jumping phase to be conducted under current Equestrian Canada jumper rules. In addition, the class will be judged on seat, hand, guidance and control. Jumper Medal to be judged 60% over fences and 40% on the flat.*

*Tack & Equipment: All tack and equipment remains the same for both phases. Only running martingales used in the conventional manner are permitted. No Standing martingales, German martingales, draw reins or restricted running martingales are permitted.*

*Conservative colored headgear (As per Article G1109) with no additional adornment. Stirrups are restricted as per Article G1109-G)*
